Thousands of spectators braved near-record temperatures Friday and Saturday during the 15th annual 2002 Heber Valley Pow Wow.

"This is one of the best Pow Wows we've had in Heber City. Especially Saturday night," said Nola Lodge.

Even Heber City's Mayor Lynn Adams got into the spirit of the dance. He participated in the grand entry on Saturday night.

Event coordinators and spectators look forward to coming back to Heber Valley next year.
